**WYNDHAM (CLUB 07), SHELA, AHMEDABAD**

## Participants from Global & Indian mining & minerals ecosystem –

*Industry experts, academicians, researchers and policy makers*

We welcome you to the International Conference on “Mining: Vision 2047”. This is an exciting opportunity to understand the mining and minerals sector and to interact with global and Indian experts in the field. The Conference will highlight the growth opportunities in the path of minerals & metals in India’s transition to 2047, and focus on the production, demand & trade scenarios to meet India’s growing demand. Sustainability of mining is very critical and will be extensively discussed. The evolving landscape of mining, with upgradation in technology and the impacts will be deliberated in the platform.

The Mining Engineers’ Association of India (MEAI) was founded in 1957. It came into

existence with the aim to safeguard and enhance the professional competence and integrity of the mining industry as well as its associated professionals. The members include Mining Engineers, Geologists, Metallurgists, Geo-scientists, Environmental Engineers, and Allied Engineers serving the mining industry, Educators, Researchers and Students. MEAI has a membership strength of more than 6,000. The Association operates through its 27 Chapters all over the Country aiming at Scientific and Technological developments in the mining industry for the betterment of the country. MEAI - Ahmedabad Chapter, established in June 1997, is one of the Vibrant Chapters among these 27 Chapters.
